

YOUR ROLE

DevOps Engineer

Team / Manager	Technology Team
Why your role is important	The DevOps Engineer plays a critical role in our technology team, responsible for enhancing our development and operations processes to ensure the seamless delivery of digital solutions. Reporting to the Head of Technology, you will collaborate closely with cross-functional teams to streamline deployment pipelines, automate tasks, and maintain a robust and scalable infrastructure.

MAIN RESPONSIBILITIES

- Always uphold the ART of UMi in all that you do.
- When you see an opportunity to do so, use your skill, experience, and personal characteristics to support projects and activities outside of your core role.
- Be an advocate of UMi through active involvement in promotional and marketing activity and through broader networking and introductions.
- Uphold our commitment to people, planet and profit by consistently operating to UMi's policies, standards and ethics.
- Implement and manage CI/CD pipelines for software releases to on premise and cloud hosts using Azure DevOps.
- Monitor and manage system health across databases, web hosting, and applications. Troubleshoot issues proactively, ensuring minimal downtime.
- Collaborate with development and IT teams to ensure optimal system performance, security, and reliability for Vue.js applications, ~~and~~ C# .NET middleware and SQL databases.
- Implement best practices for security, compliance, and disaster recovery, in on-premise and Azure cloud environments.
- Stay up-to-date with industry trends and technologies to recommend improvements and optimizations.
- Adherence to coding and configuration standards, version control, and comprehensive documentation to enable smooth integration, deployment, and maintenance of systems and infrastructure.
- Assist in onboarding new team members with DevOps best practices.

THE ART OF UMi

Our values and beliefs

- **Adventurous** – our adventures take us far and wide – they’re tough and exciting but we are fearless and open-minded about where they might lead.
- **Responsible** – we share a collective responsibility to each other, respect the world we live in, and we keep our promises.
- **Togetherness** - We can achieve more together than we can apart, and we know that businesses are more than just bricks and mortar or numbers on a spreadsheet – they’re powered by people.

YOUR ROLE WITHiN UMi

- Team: Technology Team
- Level: Intermediate
- Reports to: Head of Technology
- Reports: None
