

# EMPLOYEE OWNERSHIP TRUST

## OUR AMBITION

- To be the best example of an employee owned business in our sector
- To be a business where talented people thrive
- To create long term value for everyone in the UMi team
- To create a better world through how we invest in our team, work with our suppliers and our attitude towards the environment

## WHAT DOES IT REALLY MEAN TO BE AN EMPLOYEE OWNED BUSINESS?

We can focus on what is right for the **long-term** sustainability of our business, not a short-term gain

We have the ability to **find our own path**, overcome obstacles and seize opportunities

We're more than just bricks and mortar or numbers on a spreadsheet, our business is a living breathing thing, **powered by people**

**Together** we can do more and go further

## HOW DOES IT WORK?

- 1 Our Employee Ownership Trust has been established to recognise the critical role of employees to the long-term success of the business.
- 2 The Trust is managed by UMi Employee Ownership Trustee Co Ltd – the EOT. The EOT work alongside the UMi Holdings board to help shape our long-term strategy.
- 3 If we all perform well individually in our roles, and collectively in our teams, with a culture of shared responsibility and commitment in support of that strategy, the business will go further and do more.
- 4 Employees are all equal beneficiaries of the Trust.

## HOW DOES AN EMPLOYEE BENEFIT?

- 1** UMi is a great place to work.
- 2** UMi Holding is committed to placing 10% of profit into an Employee Ownership Fund. The EOT Board can recommend how best to use the Fund. In addition an Employee Loan Scheme established during the Covid-19 pandemic is in place.
- 3** Our culture and values - this includes the every day things we take for granted in UMi such as how we communicate, make decisions, are empowered, innovate, learn and participate within the business.
- 4** Togetherness – being part of something bigger on this journey to greatness
